Dear Sir:-

Having exhausted our regular price list and not having received a new supply from the printer we are getting out this temporary price list to fill the emergency. The prices given are to cover orders for this Summer delivery only tho if anyone now wants to book orders for next Winter we will book such orders at same price with a guarantee of a reduction if our Winter price list which will be issued late in the Summer shows any change.

We operate a smaller nursery than some in the State but there are none who can give any better service or grow any better trees and we have the advantage of being able to give personal attention to every order we ship and thus being able to see that it is exactly what it should be. We are always willing for our trees to talk for themselves and every customer is invited to make a personal inspection of our nursery.

Prices on all oranges & grapefruit except Kings, Tangerines & Kumquats

Caliper-2 to 3 ft. each	30	200	1000
2 to 3 ft.	1.5	7.00	65.00
1 1/2 to 2 in.	.90	3.50	80.00
1/2 to 1 in.	1.10	10.00	95.00
Tangerines & Kings			
2 to 3 ft.	.90	8.50	80.00
1/2 in. caliper	1.10	10.00	95.00
Kumquats			
1 year buds	1.25	11.00	100.00

Some of these prices are on stock that we will not have for Summer delivery as we have sold very close as to variety this past Winter and some varieties are exhausted with us until next Winter. We can fill orders for immediate or Summer delivery as follows:-
On 4 year lemon root-Pineapple, Valencia and Tangerines.
On 4 year sour root-Pineapple only.

However for delivery next Winter we can book orders for:-
On lemon root-Pineapple, Valencia, Tangerine, Lue Gin Gong, Ruby Blood, Marshseedless Grapefruit, Kings, Kumquats, Florida Limes.
On sour root-Pineapple, Valencia, Tangerines.
On Grapefruit root-Pineapple, Valencias, Ruby Blood, Tangerines and Marshseedless Grapefruit.

Over 100 trees at the 1000 rate. (This means total number in order)

Terms: 25% with order on future orders-balance at time of shipment,
Cash with order on all orders for immediate shipment.

Root stock- We bud on Rough lemon, Sour orange, and Grapefruit stock, each being kept entirely separate so that the purchaser takes no chance on getting mixed roots. See that your land is well drained and it won't make much difference what root stock you use. There are some points in favor of one root and some in favor of another but the most of stock sold is on lemon root.

Yours for service,

RFSJr/W
